Ex. 6 Personal Privacy (PP)

Hi all,

For inclusion in the ScIC email to review the survey –

In preparation of the Biennial Scientific Integrity Stakeholder Meeting on May 12, 2021, attached for the Committee's input is a contact list of past stakeholder invitees. We want to ensure program offices and regions have an opportunity to invite relevant stakeholders who are important to EPA programs and regions. Please review and edit as appropriate the stakeholder list, and include any known contact information. Please send an updated stakeholder list to Maureen Hingeley by April 5th.

Thank you,

Maureen
